Dear Mr. Cantor:

The Department of Transportation (Caltrans) received a letter dated May 31, 2016, from Alta Engineering Group, Inc. (Alta) protesting the bid submitted by Woida Enterprises Inc. dba Arrow Fencing (Arrow Fencing) for the above aforementioned contract. The protest alleges that Arrow Fencing is not properly license to perform all of the work in the contract and Arrow Fencing listed Global Environmental Network, Inc. (GENI), on the Disabled Veteran Business Enterprises (DVBE) Certified Summary form and is not performing a Commercially Useful Function (CUF) to meet the DVBE goal. Therefore, should be found nonresponsive

Caltrans reviewed the bid documents as well as the protest and found Arrow Fencing does have the required license to perform the work listed for this project. The "Notice to Bidders and Special Provisions", states the Contractor must have either a Class A license or one of the following Class C licenses: C-13. Arrow Fencing has an active the C-13 license and meets the licensing requirement for this contract.

In regards to Arrow Fencing listing GENI to meet the DVBE goal, the Office of Business and Economic Opportunity, Contract Evaluation Branch (CEB), conducted an evaluation of the DVBE submittal, and confirmed and approved GENI's participation to meet the 5 percent goal for this contract.

Based on the above the contract will be awarded to the lowest responsible bidder.

The Resident Engineer will receive a copy of this letter for Contract Administration and Compliance.

If you have any questions, please contact Mulissa Smith, Contract Awards Manager, at (916) 227-6228.

Sincerely,

A handwritten signature in black ink, appearing to read "Jill Y. Sewell".

JILL Y. SEWELL
